Hello Ingrid: I am assuming you mean the next periodic review of our Comp Plan which begins in 2023, ending June 30<sup>th</sup>, 2025. At this time, we do not have a population forecast to plan for. We will be receiving the forecast by December of this year. After that, a scope of work will be put together for approval by the Clark County Council. At this time, I cannot predict when the Planning Commission will have hearings. Please watch for press releases from the County relating to our next plan update. Thank you

Good morning Sonja,

I am wondering when the Planning Commission is scheduled to next have a comprehensive plan and zoning review scheduled.

With many thanks for your time and assistance, now and always,
