Good day, Carol,

Thank you for submitting comments ahead of tonight's Public Hearing for the 2025 Comprehensive Plan Update.

I am forwarding to additional members of staff. These comments will be added to the Index of Record and brought to the attention of the Planning Commission.

Best regards,

Jeff Delapena
Program Assistant

Message Subject
Comment on Comprehensive Growth Management Plan Update 2025

Comments
Dear County Councilors,

You have the opportunity to protect precious land in Clark County for us at the present and for the future by voting for no change and to to maintain the current urban growth area. The recommendations of the Agricultural Advisory Committee should be followed so that all existing ag designations are maintained.
The county's studies show that ALL current urban areas have enough capacity for expected growth for the next 20 year period. It is irresponsible to ignore county modelling and the work of the Agricultural Advisory Committee.
I urge you to change course and to stop encouraging the sprawl that previous councils allowed. I support the Friends of Clark County and their vision for the future of agriculture in Clark County. I hope you share a future vision of a county that is working to sustain agriculture and not encourage sprawl and the loss of lands that support humans, wildlife, and clean water.
Thank you.
