Greetings,

Thank you for all your dedication and effort on behalf of Clark County's residents. I live in a manufactured home senior community in Vancouver. My community is being sold for the second time in three years. If the new buyer is allowed to repurpose the property, it would be devastating for the 150 households currently living here. Seniors on fixed incomes need ongoing protections to keep our communities intact, and our households safe from forced relocation. Manufactured Home Parks offer substantial benefits to the community, especially seniors in providing stable low cost housing. If my park was redeveloped, it would leave myself and other elderly residents in an untenable situation. I ask you and your fellow council members to do whatever is in your power to protect manufactured home parks in Vancouver and Clark County from repurposing. In doing so, you help save us seniors from homelessness and abject poverty. Thank you for your time and consideration.
