Good day, Heather,

Thank you very much for forwarding comments related to the 2025 Comprehensive Plan update.

These will be added to the Comprehensive Plan Index of Record. I am including Rebecca Messinger from the Council's Office as well for awareness.

Best,

Jeff Delapena

Ambition for a beautiful Clark County

Thanks for taking the time to read. My great grandparents, children of immigrants, ran their egg farm off of Grace Avenue in Battle Ground during the 70's and 80's. There was a huge oak tree in their front yard us cousins would run around on Christmas Eve. There were about 40 of us kids, and all we wanted to do was be outside playing tag and eating our candy canes.
I am writing to strongly encourage you to adopt greenhouse gas (GHG) emissions reduction targets aligned with the City of Vancouver's Climate Action Framework, limit urban growth boundary (UGB) expansion, and protect agricultural resource lands in the 2025 Clark County Comprehensive Plan Update. I am asking you to ambitiously reach for these goals so that my grandchildren, and yours, will have huge old trees to play under with theor cousins on Christmas Eve.
The science is out there, we know what we need to do to make this dream reality. People are flocking to Calrk County because we have stretches of farmland, clean rivers and fresh air. Please do not abandon those qualities for anything. Please continue to challenge yourselves to do better by our children, and theirs to come..
