Comment For Comp Plan Update Work Session

Comments
Hello Council,

My name is Cora Hoyt and I am a lifelong Clark County resident. I am about to leave Vancouver to go to college, but I feel it is important I comment on the upcoming comp plan update. Clark County has expanded tremendously in my short life, and the woodlands I remembered from my childhood are now vast developed lots for manufacturing, retail and other businesses. I and other citizens are concerned about urban sprawl, not to mention the climate impact of such broad development. We request the Council re-evaluate the comp plan to strengthen greenhouse gas reduction initiatives, reduce urban boundary sprawl, and prioritize the climate impact above corporate industrialization. It is not too late to show Clark County you care about long-term climate solutions, and it is not too late to protect our precious diverse ecosystems. Please do the right thing.

Sincerely,
Cora Hoyt (Clark County, District 17)
