---

Good morning Manoj; thank you for your comments relating to contiguous green corridors and outdoor lighting for commercial and residential areas. Your comments will be forwarded to our staff and added to the 2025 Comp Plan Index of Record. I will also add your name to our database to receive all future communications related to the 2025 Comp Plan. Thanks again

**Message Subject**

Comp Plan

**Comments**

- 1) A long term plan must also include a plan for contiguous green corridors from rivers / lakes to the nearby forest and hills. These corridors would allow animals to migrate from / to water sources as farm land and open spaces develop roads and streets should not cut through these green belts/corridors.
- 2) Outdoor lighting should be planned for commercial AND RESIDENTIAL areas such that it supports the Dark Skies concept statewide and not glare into neighboring properties
