Message Subject

Residential/commercial/industrial

Comments

The combining of residential properties with new commercial and industrial development. will degrade this area. Property values/ taxes are higher here. This is where those who can afford to pay more want to live to

escape the hubbub. If commercial and industrial start to further swallow this area to become just like the rest of WA State, property values will go down. This will, degrade water, air quality, wildlife, and future desirability for homes in nature. Please stop this from happening!
