**Message Subject**

Comprehensive land use plan

**Comments**

I'm very concerned about the Lack of planning in our area. The community is being overrun with development and zero planned community. Wherever a developer can add a few homes, they are. It's out of hand! 6 houses to an acre and the plans always say "No environmental impact." That is also absurd. How can we add

thousands of homes with No environmental impact? The number of homes per acre should be reduced to 2 at most. And developers should have to give 10%+ of profits to schools.
