Re the Housing in the Comprehensive Plan

**Comments**
Councilors, thank you for considering my comments and thank you for your desire to house our Clark County residents. I strongly oppose expanding the Urban Growth area in our Comprehensive Plan to make more inefficient housing. Rather, I would like builders to build within the Urban Growth Area, allowing for building of middle housing and multifamily units we need in areas with access to services and public transportation. Density of housing is essential and will provide housing for all. This includes 4 plexes, town homes, cottage homes and other multi family units.
If the UGA expands, builders will focus on single family homes and duplexes. Don't expand the UGA in the Comprehensive Plan. Focus on housing density, please.
