I know you have been receiving many comments on this most important update. I wanted to comment as an individual. I have looked at the plat map of Clark County from the work done by the Johnson folks, and it is very impressive that we here in Clark County have such a large share of special agricultural land. I believe we must preserve it. I urge you to look carefully at the requests from the Cities of La Center, Camas, and Ridgefield - and conserve the land that is not necessary for development - which iappears to be most of what they are requesting. Please take to heart the fact that your own staff has proven to you that we can develop in the UGA's we already have in place. This may not be the case in the future...but it certainly seems to be the case now. Please do the right thing for the people of Clark County. Thank you! Mary Goody
