Dear Clark County Councilors,

The citizens of Clark County face economic pressures on many fronts. We have known for many years that there is a shortage of affordable housing for too many people who struggle, especially young people trying to launch careers, and elders and disabled people falling through the cracks. People who work at minimum wage and struggling to keep up by holding multiple jobs add to the wellbeing of many of us yet struggle to find a place to live.

I am writing to urge you to make affordable housing a priority and to set goals that will support actual progress in meeting measurable goals. You will have that opportunity to put these goals in place at your October 1 meeting.

Thank you,
Gary Seeman
