Say No to Urban Sprawl

Comments
Hello,

I am a resident in Clark County. I strongly oppose the Preferred Alternative plan. We MUST limit Urban Growth Boundaries. It's unnecessary, and only will serve to harm our communities. We need to protect our farmland from urban encroachment, especially in this time of uncertainty and economic instability. Our land belongs to the people who live here. It is your duty to protect it. We need stringent greenhouse gas emmission standards. Follow in the City of Vancouver's footsteps when it comes to said standards. We need action in a direction that will directly benefit our health, not more building projects. Your own models prove we don't need more urban sprawl to keep up with population demand. Do not adopt this plan.

Thank you for your consideration.
