Subject: RE: Question re: population #s from the state for comp plan

Hello Jackie:

Thank you for your email and inquiry. In response, yes. The link has the 2022 OFM population forecast from 2020 to 2050 and has the low, medium, and high range and it is from these are the final numbers and forecasts that the council will choose from. Thanks.

Oliver

Subject: Question re: population #s from the state for comp plan

CAUTION: This email originated from outside of Clark County. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I was able to locate 2022 population growth projections on the state website <https://ofm.wa.gov/washington-data-research/population-demographics/population-forecasts-and-projections/growth-management-act-county-projections/growth-management-act-population-projections-counties-2020-2050>

Are these the final numbers the County will be working with? I looks like there is process for discussion with the county on them so thought I'd check.

Thanks,
Jackie Lane
