Good day, Judy,

Thank you very much for submitting comments related to the 2025 Comprehensive Plan update.

These will be added to the Comprehensive Plan Index of Record. I am forwarding to Rebecca Messinger from the Council's Office for awareness and to share with the Council.

Best,

Jeff Delapena

Message Subject
Comprehensive Growth Management Plan Update

Comments
I am writing as a 52 year Clark County resident and rural property owner to strongly object to increases in the Urban Growth Boundaries in Clark County. As you well know, it has been established that all of Clark's urban areas have the capacity to absorb the expected growth over the next 20 years.
It would be irresponsible to allow further loss of agricultural lands. Urbanization of prime agricultural land not only endangers our local food supply and the livelihood of farmers, it also negatively impacts efforts to reduce the impact of climate change, and diminishes the quality of life for every Clark County resident.
The unchecked urban sprawl I have witnessed in Clark County since 1974 is shameful. You have the power and the responsibility to preserve the remaining open spaces. I beseech you to look beyond short-term financial interests and become strong stewards of our precious lands. Future generations will thank you.
