**Message Subject**
Urban Growth Area proposed expansion

**Comments**
I have lived almost 20 years in Clark County and I am vehemently opposed to any growth area expansion. Specifically, we need our agricultural lands as well as our green spaces. I also specifically oppose any re-designation of agricultural lands. All expected growth can be accommodated within existing boundaries. this will also reduce taxpayer liabilities for new infrastructure in previously uninhabited/slightly inhabited areas, such as new sewers, utilities, roads etc, which are not paid for by developers but instead burden existing residents. Finally, I want a meaningful climate action plan executed. Please LEAVE OUR FARMLANDS AND FORESTS ALONE.
