Dear Clark County Council Members,

I am asking that you all vote to adopt the middle number of Middle projection of 698,416. The property tax impact for the higher numbers will make our property taxes unbearable for the average family. Additionally I do not think the opinion(s) of the developers is not always in the best interest of the residents of Clark County.

Please consider what ALL the MAYORS recommended at the previous council meetings. ALL OF THEM without exception recommended the middle figure of 698,416. That is the prudent thing to do.

Best regards,

Janet Kelly
