I am writing to oppose the re zoning of my beautiful neighborhood that we paid premium price to live in. We purchased here for the nice homes, tranquility of farmland around us and away from the busyness of other neighborhoods. It feels violating to come in and pull the rug from under us and try to put high density dwellings in place of farmland changing the environment that would bring traffic, noise, crime, lower property values and rip away our tranquility.

We strongly urge the County to reject this rezoning and listen to the residents of this community who paid for a premium location away from apartment dwellings. There are other areas suited for those type of structures but this is not one of them. The infrastructure can't even accommodate that type of traffic down 50th over the Salmon Creek bridge. And we don't want our roads any bigger. We firmly request that this rezoning be denied and that the existing community be given the protection it deserves.

Sincerely,
Gina Adams
