Public Comment Against the 2025 Comprehensive Plan Update

Comments
I urge you to reject the current 2025
Comprehensive Plan Update as proposed. Despite clear evidence from the County's own data showing that there is enough land within existing urban growth boundaries (UGBs) to accommodate projected growth for the next 20 years, this plan would expand UGBs and de-designate legally protected agricultural resource lands..
This is not just a policy issue-it's a direct threat to our local food security, wildlife habitats, and community character.
