I urge you to prevent this plan from going through. I have lived in Clark country my entire life and I do not want to see the beauty of my community destroyed. You all seem to forget that environments like the ones you want to destroy to build low-quality over priced homes are currently supporting life. The homes of birds, bugs, deer, coyotes and a variety of other life forms. Your own data shows that this plan is unnecessary, and growth for the sake of growth is the mentality of a cancer cell. As a person who loves Clark County I am begging you to save it by not letting this horrible plan go through.
