Dear Clark County Council,

Regarding the Comprehensive Plan, I wish to let you know that to me, the only appropriate alternative at this time is one with no urban growth area expansions. Given that the County's own planning and the Washington Department of Commerce have concluded that all of our current urban areas have the capacity to accommodate all expected growth over the next 20 years, I request my county to be creative and forward thinking and design a model community vision for our residents. One that does not de-designate agricultural land, does not promote unsightly urban sprawl, and one that does not exacerbate climate change impacts. Please no urban growth area expansions, and no de-designation of agricultural lands.

Thank you for the opportunity to comment.
