Apartment proposals 50th/139th

Comments
You are all insane to propose apartment complexes in this dense residential neighborhood. The increase in noise, traffic, and crime will affect the quality of life we worked hard to attain. Renters do not have the same investment in the quality and safety of the neighborhood like homeowners do, who have literally invested their savings in their home and community. The 2 lane streets are narrow, the schools are over crowded. The county has already approved complexes on 72nd near 119th. There was ZERO planning for the tremendous increase in traffic, parking at the Jax that spills on to 123rd makes it very dangerous to pull in an out of the neighborhood on to 72nd. There should be no more building approved of anything until changes are completed to roads and schools. You are screwing over the community to get more tax dollars - because you are inept at managing the budget you currently have. Adding apartments in a dense residential neighborhood does not add to the quality of life for the residents currently here. That should be the priority of the people who are supposedly elected to protect and advocate to it's residents. Do not turn attempt to turn us into the poop show that are Portland neighborhoods. Why don't think people from OR are wanting to move here? It is so screwed up there. These OR builders are now coming here to do the same thing. Have a spine and do not screw us over.
