Subject
No de-designation of ag land

Date of Hearing
Thu, 10/01/2026

Comment
My names Hannah Taylor, I'm a community member of Clark county (district 3).

I do not want Clark county's farmland to be de-designated. There's already de-designated land available for urban growth and development for the next 20 years. We do not need to expand the boundary, it's not necessary. I also don't want our tax dollars going towards an illegal and harmful expansion. There are far more responsible ways our tax dollars should be spent.

We need our agricultural land for locally grown food especially as we continue to see more and more recalls, cyclospora outbreaks and the rise in food borne illnesses. We need to be able to trust the food that we eat is safe and that we aren't going to get sick from eating it.

I don't want to continue to see our beautiful Pacific Northwest burn from wildfires every summer while destroying our local wildlife's homes and lives. Taking away land that belongs to the people and nature will only make wildfire conditions worse. As we are actively in a climate emergency we need to think about what world we will be leaving for our children.

How you vote on this comprehensive plan is how I will vote in the upcoming elections.

Thanks for your time.
