Subject
Climate Action & the County Comp Plan

Message
To Whom it May Concern, Let me start by saying: This concerns us all. This concerns you, me, our neighbors, and the animals that call Clark County's forests home. We are in a climate emergency. Please align the county's climate goals with those of Vancouver. This means NO urban growth area expansions

and NO de-designation of agricultural lands. We can expand urban development without ruining our rural areas. Corporate interests will not protect us from the coming climate crises.
