Dear Mr. Catching,

Thank you for a quick response and attending to my questions. I will look for the updates as they become available, appreciated being added to the mailing list and being able to comment on the planning review process.

My best,

Tom

Mr. Myer,

Thank you for reaching out to our department.

Your request in this email is very specific and therefore there is no need for you to submit a comment through our webpage comment portal.

This comment will be added to the Comprehensive Plan update public record and I have added it to the "site-specific" group of requests as well.

Property-specific requests like this are being collected by our department and will be analyzed as a group in the coming months to determine areas where plan map changes may be appropriate.

This is in lieu of the annual review process, which has been suspended during the comp plan update until September 30, 2025.

Thank you and we will let you know if we have any other questions.

Respectfully,

Bart Catching, CFM

Dear Mr. Alvarez,

I am interested in the upcoming 2025 Comprehensive Plan and missed the public comment meeting on Aug. 1, 2023. I am the owner of the listed properties below that are currently zoned Ag. 20 in sec. 18. There are no 20 acre parcels in this area and these properties are surrounded by short plat subdivisions and 5 acre parcels. I would like to comment that these parcels at least become 5 acre minimums in the new comprehensive plan. How do I make this into the public record and will there be additional meetings to do this?
