Vote no on R32 Zoning for 88 acre property at 139th Street and NE 50th Ave.

Comments
Dear Sirs and/or Madam,

Please do not approve the 88 acre property near the junction of 139th St. and NE 50th Ave.. for R32 high-density zoning. I live near this location on the other side of 50th, and know by daily experience here that the current infrastructure is inadequate for the existing population, and a significant population increase would overload it further. There is already too much traffic on 139th, 50th, and 72nd. There are no spots on these streets for an influx of parked cars, and the school system here cannot absorb a large increase in student population. High density zoning should be part of a total neighborhood plan that is built from the ground up for this level of population.

Please do not approve of R32 high-density zoning for the 88 acre property near the intersection of 139th Street and NE 50th Avenue.

Thank you,
Kathryn Wade
