Ordinance 2026-10-01

Comment
In the urban growth boundary expansion plan please consider what this will do to our rural communities.

Schools will be negatively affected with increased high density housing.

Wildlife will be drastically harmed. In the area near the Nevis property specifically we have spotted deer, bear, eagles, owls, coyotes, hawks, etc.

The infrastructure will not be able to handle the growth. Rural roads are not designed to handle the increased traffic.

We cannot allow our beautiful rural lands full of wildlife to be destroyed. Please enter this letter into the record for ordinance 2026-10-01 and confirm receipt.

Thank you.
