The Brave New World of Renewable Diesel

There is no question that we need to cut our carbon emissions substantially and quickly in order to prevent our planet from becoming uninhabitable. While the move to electrify transportation is an obvious step toward decarbonization, the fossil fuel industry has other ideas. In particular the promotion of renewable diesel and biofuels.

Next Monday on Locus Focus talk with Ann Alexander, Senior Attorney with the Natural Resources Defense Council's Nature Program, about the uncertainties of renewable diesel as a climate solution.

Tune in to Locus Focus, Monday, November 6 at 10:00 - 11:00 AM, on KBOO-FM 90.7 Portland; 91.9 Hood River; 104.3 Corvallis, Monday, November 13 at 3 PM on KMUN and KCPB, Astoria, OR 90.9FM; Sunday, November 12 at 9 PM on KODX 96.9 Seattle; Thursday, November 9

at 11 AM and Monday, November 13 on KBBG-LPFM 107.3 Seattle and and 11 AM and 11 PM Monday, Wednesday and Friday on Radio Tacoma 101.9 FM.
