Subject
overlays for manufactured homes communities

Message
Manufactured home communities have been waiting at least two years for overlay zoning. We

desperately need protections for the only affordable alternate housing option in our state. Please provide stability for our seniors and families that already invested in their home. They own their home, but not the land it sits on. We have withstood space rent gouging, worked at least 4 years on rent stabilization, now we need to ask for the protections for the very stability of our home.
