Subject

Climate Change and Resiliency Element Public Participation Plan

Date of Hearing

Tue, 11/28/2023

Comment

I'd like to write today and ask that you delay no further regarding the Climate Change and Resiliency Public Participation Plan. These are pressing issues, not just for the local communities, but for the world at large. Some will cast doubt upon the need but science is very clear on the matter of human impacted climate change. It is real and it is accelerating.
