I am a tenant living in the Hazel Dell Mobile Home Community and I am very concerned with the possibility of the owners selling the property to a buyer who would decide to repurpose the land for some other than a Mobile home Community.
I am a senior, 88½ yrs of age, on a fixed income and such a sale would present a life altering financial burden for me. I would like to have a Zoning Delay placed on the property to prevent that. My future housing and finances depend on it

Sincerely
