Subject: Dept of Commerce developing proposals for Climate Pollution Grant Program

CAUTION: This email originated from outside of Clark County. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good morning Clark County Councilmembers and Staff,

I am sharing this news from WA Dept of Commerce that is posted on LinkedIn. We encourage you to stay focused on projects because money is available to fund projects.

Commerce is collecting GHG reduction measures to develop statewide proposals for the Climate Pollution Reduction Grant Program! Please pass along to anyone with a project idea that is ready to go here in Washington. We are looking for proposals that can bring GHG reductions and other benefits to overburdened communities in the next five years. Tribes, local and regional governments and public agencies are eligible! We are also looking for great partners in communities, industry and business to help support these great ideas.

Have a wonderful day,
Cathryn Chudy and Heidi Cody
