Hi Noelle –

Thanks for reaching out. Sorry I am just responding, I was out on Friday. We are meeting at the end of the day today to discuss next steps following the hearing last week. So let me see what comes out of that meeting and I will give you an update. Thanks!

Hi Susan,

I wanted to follow up post Council action on HOSAP. My understanding is that there will be a workgroup convened to further refine the proposed codes. As this is an important matter for our membership, I wanted to extend an offer to assist in anyway with the work ahead. I am not an expert on the codes but have access to the experts through our membership. Throughout the public comment process, I have seen great benefit of having DEAB as well as local builders at the table to vet the codes.

Again, I am available to assist in any way to help bring the best outcomes for HOSAP and our community. Have a great weekend.

Best,
