Comments

The Jagelski family, owners of the above referenced property, asks that the property be included in the 2025 urban growth plan (UGP). This zoning change will benefit Clark Co. and the environment. Including it in the new UGP is a win-win for everyone. CAUTION: This email originated from outside of Clark County. UGP allows it to be zoned "residential". The benefits include: ~proximity to existing schools
~city water on two sides of the property
~helps meet county's future housing needs
~development improves infrastructure and safety This change helps the county's growth NOW
