The Open House is tonight, 5:30, at the Ridgefield junction east off I 5, at the big fire and rescue station. PLEASE ATTEND, WRITE AND VOICE YOUR CONCERNS. The largest audience we have seen was at last night's presentation. When I told Gordy Euler in front of a small group of folks that the rural communities aren't given enough alternatives, he said, "Talk to the commissioners. This is what they want." Hope to see you tonight. Maybe we can all have coffee later and chat.

My best to you,

Susan

Dear Commissioners,

I was very disappointed at the format and the process used for the open house. The presentation took quite some time, and there was no invitation for public comments from the audience. In addition, there was no announcement to the audience to be sure to submit their comments in the box on the table, for anything they might want to say. The maps around the room were not very informative to a layman and all very similar. I talked with a group of folks before the meeting, and they all had concerns they wanted to voice. But, they were not given an opportunity to do so. Many left or got up from their seats during the presentation.

But, I understand that at the LaCenter open house that is scheduled for 10--30-2014, they will be taking verbal testimony from the audience. Is it just a coincidence that in that area of the county is where many Futurewise supporters live? There was a good turnout at the first meeting, but they are not likely to attend the second meeting, so unless they dropped something in the box, their voice was not heard. On the other hand, tomorrows meeting will allow those attending to comment verbally and in writing. The GMA requires meaningful public participation by all participants, both verbal and written.

Sincerely,

Carol Levanen, Ex. Secretary
