Comments

I, Susan Gilbert, bought this land in 1989. Its current classification is Farm and Agriculture.

I am very interested in having the parcel moved into the Urban Growth Boundary. We have to drive through land and developments in the City of La Center and drive past an electrical substation, a school bus facility, and a water treatment plant in order to enter or exit my property. Including it into the UGB seems only logical.

Please consider this a formal request to evaluate the change.

Susan Gilbert
