**Hello Carol, Susan, and CCCU team,**  
**The following is a digital version of the letter I sent to the Clark County Councilors on Jan 21. I do plan to be at the meeting on February 16, and so will probably see you there!**

**Thanks again, Paula**

January 21, 2016

Good evening to the Board of Clark County Councilors, Gordy Euler, and Oliver Orjiako,

I wish to enthusiastically thank Gordy Euler for his response to the group of land-owners who attended the meeting for "Comprehensive Plan Review" originally scheduled for January 19, 2016. When Gordy learned that a few of us were in attendance (not having received notice of postponement), he appeared with four huge, color-coded, informative maps with which to explain the "preferred alternative" and the history involved in its consideration. Gordy gave us a good overview and then answered our specific questions about how such change would affect our individual land-use/zoning situations. Thank you, Gordy Euler.

As the Board of County Councilors considers the "preferred alternative...# 4" for the required Growth Management Plan (to be discussed at the public hearing now set for February 16), I'd like to go on record as **supporting** such proposed change. Private property owners in rural areas of north and east Clark County appreciate the opportunity to sell smaller parcels of land if such need arises. We appreciate the chance to regain some of the value lost during the 1994 Growth Management Plan re-zoning. We appreciate the work of **Clark County Citizens United** in pushing for changes in rural resource-land designations.

Thank you for taking public comment on this matter,

Paula Larwick (Overholtzer)
