Thank you, Susan, for working on this issue for us and notifying me of your progress. I live in the Pepper Tree, on 45th & St. John's. I use a wheelchair and drive with hand controls. Adequate parking has been an issue, as I do not have space to use my garage for loading and unloading my chair and getting in and out of the car. I needed to ask a neighbor's guest to move her car so that I could load up to get to a Dr Appt. Shorter trips. Like shopping and such can be easier, as I don't need to worry about appointment times, however can be difficult for loading and unloading. Thank you again, for working on this for only a few of us, who need to deal with suchobility issues. Please feel free to call for more information or whatever you may need.
