YOUR FUTURE. YOUR VOICE.

Expand the Scope of the EIS

EIS Scoping Input Form

Name: Susan Rasmussen / Clark Co Home United Inc

Open house location: R. Koffel

Comments:

There is a need to expand the scope of the EIS to include social economic and cultural impacts to the rural communities.  
I don't know one person that is in favor of the multi-family densification.  
\* where is the housing type people want?  
\* After 30 years of love to grow - what is the county going to do for our rural children?  
\* Is the plan under local control by the citizens or is it assuming an approach that is top down from Olympia?

Would you like to be added to our comprehensive plan notification list? If so, please print your e-mail address clearly below.
