2025 COMPREHENSIVE PLAN UPDATE

YOUR FUTURE. YOUR VOICE.

EIS Scoping Input Form May 2024

Please fill out this sheet in pen and drop it in the comment box. **Please print clearly!**

Name: Ganet Hedgepath
Address: 505 NW 45th St - Vancouver
Open house location: FVRL

Comments:

Climate change resilience - require new homes (especially low income) + multi-plexes to have heat pumps, triple pane windows

Meeting housing needs - change zoning to create greater density, stop prioritizing single family homes, protect farm land

Do NOT increase the UGA and ~~to~~ keep the VBLM

In developing the FDRU code and the overlay please consider

- environmental damage
- pollution of air + water
- detrimental effects on the homes along the sailland

in creating mining overlays take into account all effects - how much increase in GHG?, water pollution?, air pollution?, are overburdened communities affected?

Would you like to be added to our comprehensive plan notification list? If so, please print your e-mail address clearly below.
