Dear Don,

Thank you for your comments related to the 2025 EIS Update. I will forward them to staff and add to the Index of Record.

Re SEPA Scoping for GMA Comp plan update 2025-2045

I recommend that the existing urban growth boundaries be retained or reduced in area.

Impacts to evaluate:

Air

Impacts of air pollution to health care costs (see EPA)

What is the potential to pollute? See SWCAA

Impacts to air quality in terms of health harming pollution.

Impacts related to compliance with the Climate Amendment to the GMA

Impacts related to the state goal of reducing ghg emissions 45% by 2030

Impacts related to the cost of climate change, eg reduced hydro-electric production, wildfire, flooding and smoke.
