Good day, Jessica,

Thank you for your comments regarding the 2025 EIS Update and Comprehensive Plan. I have forwarded them to staff, and will add these to the Index of Record.

Message Subject

Environmental impact and Comp Plan update

Comments

The comp plan update should andd increased density near current urban areas, while limiting

expansion of the urban growth boundary. Suburban sprawl is unattractive and inefficient..
Maintain the rural character of current rural areas as much as possible. Maintain recreation, open spaces, and farmland for future generations. Encourage healthy waterways, public transportation, and environmentally sustainable building practices. We have the opportunity to not be Florida and maintain the quality of life that so many of us have become accustomed to.
