---

Good day, Katia,

Thank you for your comments regarding the 2025 EIS Update. I have forwarded to additional staff, and will add these to the Index of Record.

Hello,

I attended the meeting at the Library over by C street and would like to leave my comments. I believe Clark needs to start taking part of the climate commitment act. Specifically, we need to start our EV Infrastructure through Clark County. Code Enforcement also needs to improve and start taking more seriously lots of things. More and more houses are looking like they are falling apart. Home owners need support for critical repairs at home.

Respectfully,

**Katia Ramirez**
