---

Good day, Jackie,

Thank you for your comments regarding the 2025 Comprehensive Growth Plan. I have forwarded to staff, and will add these to the Index of Record.

comprehensive plan

**Comments**

We would like to see expanded access to public transportation. A variety of methods to give people access to health services, entertainment, restaurants, etc.

More walkable communities with parking or access to public transportation to allow people to leave cars and walk or shuttle through communities.

We would like to see solar arrays on business sites and access to alternative energy for low income people.

Please keep in mind that the percent of our populations that are aging is increasing. Housing needs and access to services for this part of the population need to be included in any plan.

Natural disaster planning must include plans for evacuating all members of the population.
