### Comments:

As twenty year residents, we have come to love Battle Ground and Clark County. In early 2000 we invested in 20 acres. We raise 4 children and would love for them to stay in the area. Also, as we get older, it would help keep the land in Agriculture raising crops & ranching. To this end if we could build homes for them on the Ag 20 or divide to Ag 5, all 4 children and their families would stay in the area.

Also, it's important that all properties in BG city have access to sewer. Invest where there are insufficient pipes for sewer so I can build housing in BG.

The only way young people can farm is to farm family land... Land is too expensive to start new. Keep family farms alive let us build home for kids on the 1 acre we already took out & pay higher taxes on. Also, you ask if we wanted
