(Question and answer session.)

TESTIMONY

TERRY: My full name is David Terry, T-e-r-r-y, and what I'd like to have studied as part of this is the Chelatchie Prairie Railroad expansion also known as the FRDU, I want to make sure that whatever is going to happen with that railroad with the County planning the heavy industrial expansion that that gets accounted for in the EIS and in the SEPA. And that's it.
