Magandang Araw (good day) to you!

I am beyond grateful to everyone who came to last week's Lunch & Learn Actionshop, and to everyone who wanted to attend but couldn't be there. We had just under a hundred attendees engaged in the topic: "*How Inequitable Housing Policies are Rooted in Myths of White Supremacy*" I hope you all have some meaningful and practical takeaways that you're still processing and sharing. If you know others who may be interested in checking out this year's Lunch & Learn series, they can find more information and the link to [register here](#).

We would love to hear your feedback! We're hoping that you've found this Actionshop full of new and useful information. We'd love to hear more and to know how we can make these sessions even better, as well as topics you'd like for future Actionshops. The topics this year organically arose from conversations with advocates like you! Please take a few minutes to fill out our survey!
