Zoning changes

**Message**

Stop the building! Kunze Farms & every other rural location doesn't need zone changes so that they can become housing projects and/or business sites. The existing infrastructure can't even handle what's already in place. I don't see any work being done on all the potholes & crappy road conditions, but yet they can tear up an intersection to put in a round-a-bout where there was a signal light already in place. Adding more people to the area will only make it worse. Keep Clark County rural!
