Climate change work is absolutely essential. We also must be working on policy for resiliency with the other planetary boundaries. Biodiversity loss, land conversion, fresh water withdrawals, nitrogen and phosphorus loading, chemical and air pollution.

(My Signature 😊)

~You must always be willing to truly consider evidence that contradicts your beliefs, and admit the possibility you may be wrong. Intelligence isn't knowing everything, it's the ability to challenge everything you know. Let's all give up our fear as a justification for not to take action because we are the creators of our reality.
