Hello Laurie,

Understood, and apologies for the confusion. I just wanted to ensure that Bart had the opportunity to explain the resource designation process, and the update cycle for the Comprehensive Plan. As it sounds like he has already gone over all that with you, I can certainly add your comment to our Index of Record for consideration in the 2025 update.

Please let us know if you have any further questions.

Hi jeffrey

Actually, I already talked to Bart yesterday about this whole thing so he told me to get a hold of your area. I just wanted to get it in the comp plan 2025.

Hi,

I was writing about our parcel's 232926-000, 98603-866 it is zoned FR-40 and I was hoping to change it to R-5. Parcel's around us are R-5 and FR-2. Please consider it with your community planning 2025. We want the right to have a choice to divide our property like the parcel's around us. We plan to keep it in forest also.

232940-000 R-5

232941-000 R-5

232954-005 R-5
