Recently, we shared about the site-specific request from AHO Construction to move 76 acres into the Vancouver urban growth area (UGA) on the corner of Davis and Ward, letting supporters know that this is JUST ONE of many site-specific requests that together could cause us to lose THOUSANDS of acres of agricultural and forest land in Clark County by 2025.

PLEASE STOP THIS INSANITY. WE NEED GREEN SPACES!!!!!! Developers can redevelop existing areas of forgotten retail and commercial space for residential. Clark County is awful in protecting it's citizens from climate change, and lacks the necessary parks and trails for mental health.
